GENERAL DESCRIPTION OF TASK(S) AND OBJECTIVES TO BE ACHIEVED

Objective:

To support gender-sensitive programming on value chains and resource mobilization in Jamaica.

Key activities and deliverables:

- Support a gender assessment exercise for Jamaica, using specific guidelines to be provided by the Gender Lead from the RLC, and examples of such exercises in other countries. Tasks would include *inter alia*:
 - o Literature review and analysis
 - o Survey design and application
 - o Interviews with key informants and focus groups
 - o Tabulation and synthesis of results
 - o Drafting gender assessment document

Deliverable 1: Draft gender assessment report

- Identify and analyze technical resources for developing a gender-sensitive programme, in Jamaica in the areas of sustainable agricultural value chains
- Carry out desk research and intelligence work to identify market opportunities for high value Caribbean products, including for retailers, and tourist industry buyers.

Deliverable 2: A report on State-of-the-Art development programming for gender equality in the

Caribbean, with specific reference to value chain and agribusiness development opportunities.

- Identify and analyze potential sources of funding, and the specific windows of opportunities , to support the above programme

Deliverable 3: A report with key inputs for developing a resource mobilization strategy, including from the private sector.

- Support the design of a programme logframe, including sub-projects and their activities, results and objectives in the areas of gender-sensitive value chain and agribusiness development.

Deliverable 4: A “bank of project ideas” to be further developed for resource mobilization.

- Prepare info-graphics that help illustrate specific gender disparities in agricultural production, value addition activities, service provision, including in relations to tourism markets.
- Design a communication strategy to promote future projects, including communications and social media elements.

Deliverable 5: Effective and operation communications strategy in place.
